Back View

Inside View

Power adapter

USB Cable

## Installation

1. Loosen the two cover screws on the back of the unit found on the left and right edges. Remove the rear cover, then slide the top cover off.
2. Remove the front plate and replace with a 5.25" drive, or a 2.5" or 3.5" device mounted in a 5.25" mounting bracket using the 5.25" drive mounting holes.
3. Reassemble the unit.
4. Connect the power supply from an AC outlet to the back of the unit.
5. Attach the included USB cable to the back of the unit and connect the other end of the cable to the USB port of your computer.
6. Power on the unit and a drive icon should appear in a few seconds under Disk Management screen
