### Technical Support

If you need any assistance to get your unit functioning properly, please have your product information ready and contact Addonics Technical Support at:

**Hours: 8:30 am - 6:00 pm PST**

**Phone: 408-453-6212**

**Email: <http://www.addonics.com/support/query/>**

# Overview

## LEDs:

0-9 Glow to indicate connection, blink to indicate activity.

H1 will glow while power is on and blink to indicate activity on any target 0-4.

H2 will glow while power is on and blink to indicate activity on any target 5-9.

## Installation:

Attach drives and LEDs to card, then install in PCI Express slot with two or more lanes.

Drivers are not provided for this controller. The operating system is required to support AHCI controllers (MacOS 10.6 or newer, Linux kernel 2.6.19 or newer, Windows Vista or newer).

This device does NOT support port multipliers.
